

HASSOCKS PARISH COUNCIL BUSINESS PLAN 2024-2029

THE PURPOSE OF THE BUSINESS PLAN

The 5 Year Business Plan sets out the areas additional to day to day operations, on which the Council proposes to focus. It will be subject to regular review and monitoring.

The plan focusses on six key areas:

- Our Neighbourhood Plan and Priorities Statement
- Engaging with the Community
- A Great Environment
- A Parish for all
- Connecting our Village
- Our Staff and Councillors

The Business Plan informs the work of the Parish Council which is funded by the Precept via the Council Tax, plus other revenues generated through the hiring out of sport facilities in Adastra Park, Burial Ground fees and Allotment rental. Also through Section 106 contributions from developers towards the costs of providing community and social infrastructure, as a result of a new development taking place.

OUR NEIGHBOURHOOD PLAN AND PRIORITIES STATEMENT

AIM: To ensure we can sustain a vibrant Parish within a countryside setting and to keep the Neighbourhood Plan up to date in line with statutory requirements, now that it has been adopted by Mid Sussex District Council.

Objectives:

- Preserve and enhance the rural character and biodiversity of the Parish and its historic buildings, maintaining gaps to neighbouring towns and villages with emphasis on the proximity of the Parish to the South Downs National Park and its biodiversity.
- Stress with developers the need for appropriately sized, affordable and sustainable housing, developed in sympathy with the village and its surroundings, built to very high standards of design, construction and energy and water efficiency and flood resilience.
- Seek opportunities to develop the centre of the village to form a distinctive social hub.
- Strive to maintain the visual gaps between Hassocks, Burgess Hill, Ditchling and Hurstpierpoint and improve recreational and wild spaces within the village.
- Continue to oppose any development from encroaching within the South Downs National Park other than in connection with agriculture or tourism in line with SDNP policies.
- Obtain funding from Community Infrastructure Levies and press for appropriate Section 106* agreements with developers.
- Seek major road upgrades in the wider Parish as part of any large development.
- Explore opportunities for acquisition of community assets and land for recreational spaces or allotments where demand exists for the latter.
